Dear Parent,

**Re: Junior Framework Pilot**

As you may be aware, New Zealand Football throughout 2011 is piloting the Junior Framework, which is part of the NZF Whole of Football Plan.

We would like to take this opportunity to thank you for your involvement in the pilot and your patience with the changes that have been made. We have received significant amounts of positive feedback from parents involved and we hope you agree that these changes will result in many more players falling in love with our game.

To help you better understand the changes that have been made to Junior Football we are pleased to enclose a Parent Flyer and a frequently asked question information sheet.

We hope these documents are useful and help elaborate on the changes you are involved with, as well as provide you with some assurances that your club is doing a great job for your child's development.

At the end of the 2011 season NZF will be conducting a national review of all pilots and we would really appreciate your feedback ready for national implementation in 2012.

Kind Regards,

**John Herdman**
